

FULBRIGHT PROGRAM

APPLICATION FOR STUDY IN THE UNITED STATES FOR A FELLOWSHIP, SCHOLARSHIP, ASSISTANTSHIP OR OTHER EDUCATIONAL GRANT

READ ALL INSTRUCTIONS AND INFORMATION CAREFULLY BEFORE COMPLETING APPLICATION

INSTRUCTIONS

Upon receipt of your application through the Selection Committee or sponsoring organization in your country, The Institute of International Education (IIE) will make every effort to secure admission for you at a suitable educational institution and, if applicable, to arrange any necessary scholarship assistance. **YOU SHOULD NOT MAIL THIS FORM DIRECTLY TO ANY UNIVERSITY IN THE UNITED STATES.**

1. All forms in this application are to be completed in English and typewritten in black ink or printed from a computer.
2. Each page of the following application carries its own instructions which should be read carefully before proceeding.
3. Every question must be answered completely and carefully. Please make every effort to limit your responses to the space provided.
4. Completed applications should be returned to the Selection Committee or sponsoring organization as soon as possible. They must reach IIE by November 1 of the current year in order to be considered for the next academic year, which begins in August or September of the following year.
5. Incomplete applications will not be considered.
6. Do not mention the names of any U.S. universities you wish to attend in the five page Application. The Confidential Information Sheet is included for that purpose.

APPLICATION

A complete application consists of the following components:

1. Cover Sheet

2. Application

In these five pages you will state biographical information, study objectives, curriculum vitae, and other information. Please note the following special instructions on certain numbered fields in the application:

(15.) **Degree Objective:** The requirements for completing academic work toward a degree vary depending upon the degree desired, the candidate's academic background and the regulations of the individual U.S. institution to which the candidate is admitted. It is usually not possible to obtain a degree in one academic year. Although the minimum time required for a Master's degree is one academic year, a student should expect to spend from at least one additional summer session to an additional academic year to complete the academic requirements. For the Doctoral degree, at least two to three academic years are required beyond the Master's degree. However, many students find four or five years necessary, and in some cases even longer. Please note that the length of your degree program may exceed the available funding and sponsorship limits of your Fulbright grant.

(24.) **Study Objectives:** The description of your study objectives in the U.S. is an essential and highly important part of your application. You should take great care in writing a clear and detailed description of the program you want to pursue. An unclear, incomplete or overly brief statement can result in your being referred to an institution not suited to your scholastic needs, or in your not being accepted by any university. Do not list your choice of universities here or anywhere else in the five pages of the application.

3. Report on Proficiency in English

Complete only the top section of this form and have the remaining portion completed by one of the types of certified English language evaluators listed.

4. Confidential Letters of Reference

You must submit four letters. U.S. universities consider letters of reference extremely important. All letters of reference should be written by teachers under whom you have studied or pursued research or by someone who has supervised you in work related to your proposed field of study. Letters of reference should not be written by persons related to you either by blood or marriage, or by personal friends. At least one academic and one professional or work related letter must be included among the four letters you provide. The letters of reference should be written in English, if possible. If they are not, a translation must be provided. Please be certain to ask that both pages of the form are completed.

5. Confidential Information Form

The information you provide in this section is used for IIE's internal purposes and as a release form to obtain standardized test scores when necessary. You may list your choice of U.S. universities on this form only.

6. Personal Financial Information Form

The information you provide in this section will be kept confidential by IIE and is used for IIE's internal purposes only. It is very important that the Personal Financial Information Form be carefully and accurately completed. The information provided should be based on real circumstances. As the type of grant which may be awarded to you may cover only a portion of your expenses for your first year,

(Continued over)

you may need to provide the balance from your own funds. All candidates (even those designated by their sponsor for full funding) should plan to bring additional personal funds for incidental expenses. If you should have a major change in your financial resources while your application is pending with IIE, you should immediately inform your Selection Committee.

7. Medical History and Examination Form

This consists of two parts. The first should be completed by you, and the second should be completed in English by a qualified physician after a physical examination and review of your medical history.

8. Student Record Card

Complete the top section only. The remaining section is for IIE office use.

9. Standardized Tests

You are required to take one or more of the following standardized tests to gain admission to U.S. universities. For instructions on registration, contact your Fulbright Commission, USIS Post, Selection Committee or the Educational Testing Service, Princeton, New Jersey 08541, USA.

A. TESTS OF ENGLISH LANGUAGE PROFICIENCY:

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL): TOEFL is an admissions requirement at U.S. institutions for applicants whose native language is not English. All non-native English speaking candidates should immediately register for TOEFL.

TEST OF WRITTEN ENGLISH (TWE): The TWE is designed to measure an individual's ability to communicate in writing in English. It consists of essay questions similar to those which students are expected to produce as part of their classroom work at colleges and universities in the United States.

TEST OF SPOKEN ENGLISH (TSE): The TSE is designed to measure an individual's ability to communicate verbally in English. Graduate candidates who are recommended for teaching assistantships should register for this test.

MICHIGAN ENGLISH LANGUAGE ASSESSMENT BATTERY (MELAB): The MELAB may be accepted as a preliminary English proficiency evaluation for nonnative speakers of English who have not yet been able to sit for the TOEFL exam.

B. REQUIRED ADMISSIONS TESTS FOR GRADUATE CANDIDATES:

GRADUATE RECORDS EXAMINATION (GRE): The GRE is required by U.S. graduate schools and/or departments for candidates in most fields other than Business Administration and Law. Applicants should make every effort to register for the earliest possible administration of the GRE.

GRE SUBJECT TESTS which had previously been optional are increasingly becoming a requirement for departmental review. All graduate candidates should make every effort to take the appropriate GRE Subject Test in their field of study.

GRADUATE MANAGEMENT ADMISSIONS TEST (GMAT): GMAT is an admissions requirement for applicants proposing to study Business or Management, as well as any fields which may fall within the scope of offerings of a Business school or department. Arrangements should be made immediately to take the GMAT.

10. Transcripts

Applicants must attach official, complete and certified academic documents covering the entire period of study at universities and other post-secondary institutions. Documents must be accompanied by complete official English translations. These documents must consist of:

- One certified, official record (transcript) from each university or post-secondary institution listing the subjects you studied and the grades you received during each year of your enrollment. Include all post-secondary institutions you have attended, even those from which you did not receive a degree or diploma. These transcripts must be submitted in sealed envelopes.
- Certified, official evidence of each post-secondary or university degree, diploma or certificate awarded to you should be included as part of the completed application.
- Five copies of original transcripts for any coursework (graduate or undergraduate) done in the United States. Please contact your Commission, Post or Committee to receive a copy of the *Transcript Release Form*. IIE will request transcripts for you from U.S. institutions you have previously attended.

Individual Fulbright Commissions, USIS Posts, and Selection Committees may require that you complete additional forms as part of your Fulbright application.

OTHER IMPORTANT INFORMATION

DURATION OF GRANTS: Fulbright grants and other fellowships, assistantships, scholarships and educational grants are generally awarded for one nine to twelve month academic year beginning in August or September. Candidates appointed to certain types of Fulbright grants may be required to arrive during the summer for an introductory course or intensive English program prior to the academic year. In some cases, arrangements may be made for an extension of the period of grant beyond the first academic year. Candidates should not assume, however, that awards are automatically renewable.

GRANT SUSPENSION/TERMINATION/REVOCAION: A grant may be revoked, terminated or suspended. Grounds for revocation or termination include, but are not limited to: (1) violation of any law of the United States or the host country; (2) any act likely to give offense to the host country; (3) failure to observe satisfactory academic or professional standards; (4) physical or mental incapacitation; (5) engaging in any unauthorized income-producing activity; (6) failure to comply with the grant's terms and conditions; (7) material misrepresentation made by any grantee in the application form or grant document. A grant may be suspended if: (1) the grantee ceases to carry out the project or academic program during the grant period; (2) the grantee leaves the host country without authorization of the Commission/Post or supervising agency; (3) conditions in the host country require the departure of grantees for reasons of personal safety or security.

CHANGE OF PLANS: You should promptly inform your Fulbright Commission, USIS Post, or Selection Committee of any change in your academic status or future plans after this application has been submitted.
